MAXIMUM CAPACITY - MINIMUM SPACE

Winlet 785 combines superior lifting capacity and reach with a unique and compact design. Only with Winlet 785, you can handle heavy elements up to 785 kg bringing it through rough terrain and narrow doorways. Due to the compact design, confined spaces such as elevators and balconies are no problem for Winlet 785. The low weight of Winlet 785 makes it possible to use it where heavier construction equipment cannot be used due to surface pressure.
